

Where Quality and Service Make The Difference Marcus Lumber

SMALL BUDGET? BIG DREAMS? IT ALL STARTS WITH YOU!

To help you get started on your new kitchen, we've put together some information and a list of questions. Attached you will also find grid paper.

GETTING STARTED

- Make an appointment
- Gather inspiration images and ideas; take photos of your current kitchen
- Draw a sketch of your floor plan with rough measurements, doesn't need to be exact, take pictures too! Very rough is fine. Provide a floor plan for new builds or additions
- Hire a contractor. We can provide you with a list of contractors if needed.

VISITING OUR SHOWROOM

The first time you stop into our showroom we will....

- Help you coordinate your cabinets, countertops, flooring, and more. We have a large variety of styles and finishes in our showroom.
- Discuss your floor plan and go over design ideas & layouts
- Discuss what you would like to have in your new kitchen designs/layout
- Answer any question you may have

IF YOU LIKE WHAT YOU SEE....

- We will provide you with a preliminary estimate, 3D drawings, and a floor plan.
- We will set up a meeting in the showroom to discuss the designs and estimate, going over any questions or changes that need to be made.

FINALIZING

- We will take final measurements at your home once all items have been finalized
- A deposit is required to place the order
